

Central Equine Vets support grassroots riders

We're coming up to the end of Central Equine Vets' first year hosting brand ambassadors and what an amazing job they have all done. Our brand ambassadors compete across a variety of disciplines and have been very successful in achieving their personal goals.

LET'S MEET THE TEAM!

Evelyn Orr

Evelyn Orr

Evelyn and Rosie's partnership began four years ago and has gone from strength to strength. Evelyn set a goal for this year to complete the Wobbleberry Challenge 2018 at Hopetoun Horse Trials; the pair completed intense training, practice and competition to prepare for the challenge which they absolutely smashed. Evelyn and Rosie raised a fantastic £4,000 for Hannah's Willberry Wonder Pony charity, a worthy cause. More recently, the team took on the BE80 at Dalkeith Horse Trials finishing an amazing seventh place.

The duo compete in a mixture of dressage, show jumping and cross country and are very much enjoying their new found love for eventing.

Shannen Main

Shannen Main

Shannen and The Main Man have had a hugely successful year in

both showing and dressage with this six year old proving that cobs can do dressage. They attended the Petplan Area Festival at Rockrose Equestrian in July, scooping the prelim bronze win from a large class of 28.

The duo were also the City of Edinburgh Horse Show 2018 coloured champions at the Scottish National Equestrian Centre earlier this year with wins in both the coloured and cob sections.

The next step for this fantastic pair is the Scottish Championships in September and Petplan second round in October.

Bronny Wilson

Bronny Wilson

This talented young rider and her ponies have had a fantastic year predominantly within the show jumping and working hunter circuit.

Some major achievements for Bronny include sixth place in a massive open 153cm working hunter pony class with Finn at the Royal Highland Show 2018; Bronny and Mieka being selected to represent Scotland and compete in the British Showjumping National Championships at Stoneleigh; gaining a magnificent fourth place in the 148cm bronze league national finals; and also

finally qualifying Finn for Blair Castle Horse Trials in the working hunter finals which is another huge achievement.

Bevis Show Team

Bevis Show Team

The Bevis Show Team is made up of sisters Lauren and Leya Bevis with their ponies Diablo and Kizzy. Both very keen pony club members they manage to complete PC activities along with a huge amount of showing. Amongst many championship titles throughout the year, Lauren and Diablo took third place in the novice show pony at the Royal Highland Show 2018 with sister Leya securing numerous wins across many shows including the veteran and show hunter sections at Strathkelvin RC show earlier in the summer.

These young riders both have a passion for concours d'elegance so look out for their amazing costumes at upcoming shows.

Gemma Williamson

Gemma is the practice manager at Central Equine Vets and has been out and about with her pony Harold supporting the brand ambassadors. Gemma and Harold compete in a variety of disciplines, with their main focus on dressage. The duo has had great success throughout the year with the biggest achievement being the overall senior winners in the South East Scotland Dressage Group league.

Gemma Williamson

Gemma and Harold are now affiliating with British Dressage and will continue to prove that variety is the spice of life with some show jumping, showing and tilting in the coming months.

Could you become a brand ambassador?

Central Equine Vets are now looking for the 2018/2019 Brand Ambassador team. If you would like to join the team and represent the practice, get in touch by contacting us on 0131 664 5606 or emailing info@centralequinevets.co.uk.

Would you like to be the next Central Equine Vets brand ambassador?

It could be you!
